

Crop Scout – Summer Student Opportunity 2026

Snobelen Farms Ltd. is an independent, family-owned business founded in 1971. For over 50 years, we've continued to grow and innovate while maintaining the small, family-business feel that makes us who we are. With eight locations across Southwestern Ontario, we're proud to support local growers with exceptional service, seed, and grain solutions.

We're looking for an enthusiastic **Crop Scout Summer Student** to join our team for the **2026 growing season.**

If you're an ambitious self-starter with a passion for agriculture, strong communication skills, and a team-first attitude—this is the summer for you!

What Your Summer Will Look Like

- Work alongside a passionate, knowledgeable ag team
 - Build valuable relationships with growers and industry professionals
 - Record and report field observations — including weed identification, crop staging, and plant counts
 - Assist growers in making timely, informed, and economical crop decisions
 - Support our Identity Preserved (IP) soybean program through grower communication and bean procurement
 - Participate in field mapping, plot management, and signage
 - End each day feeling accomplished—knowing you're contributing to Ontario agriculture
-

What You'll Bring

- Currently enrolled in and returning to post-secondary education, preferably in Agriculture or Environmental Science
 - Comfortable working outdoors in various weather conditions
 - Strong interpersonal and customer service skills
 - Sharp problem-solving abilities and sound decision-making
 - Excellent time management and organization
 - A positive attitude and self-motivated drive to succeed
 - Valid G driver's license and clean driving record
-

Join a Team You'll Be Proud Of

If you're looking for a meaningful summer in agriculture, this is your chance to learn, grow, and make an impact.  **Apply by email:** careers@snobelenfarms.com
